

FlowPage Web Design Contract

This contract is between FlowPage (the "Designer") and you (the "Client") to confirm the terms for starting a web design project.

1. Project Scope

You are choosing one of the following services:

- One-Page Website – \$300 AUD (Deposit: \$150)
- Multi-Page Website – \$600 AUD (Deposit: \$250)
- Custom Website – starting at \$1000 AUD (Deposit: \$400)

The final website will be mobile-friendly and built using your content and direction.

2. Estimated Timelines

- One-page: 3–5 business days
- Multi-page: 1–2 weeks
- Custom: 2–3+ weeks (depends on complexity)

Work begins once we receive your deposit and your project content.

3. Payment Terms

A deposit is required upfront. The remaining balance is due once the project is complete, before the final handover. All payments are processed securely via Stripe.

4. Revisions

Each package includes 1–2 rounds of revisions. Any additional changes may incur extra charges, which will be discussed first.

5. Your Responsibilities

To keep things smooth, we ask you to:

- Provide all content (text, logo, images) before we start
- Respond within 2–3 business days
- Pay the final balance once the project is completed

6. Cancellations & Refunds

- Cancel within 24 hours of paying the deposit → full refund
- Cancel after 24 hours → deposit is non-refundable

7. Termination

Either party can cancel the project in writing. If cancelled after work has begun, any completed portions will be shared, and the balance for that work may be requested.

8. Ownership & Portfolio Use

Once paid in full, the website is yours. We may showcase the project in our FlowPage, and our social media portfolio unless requested otherwise.

By submitting the form in **Start A Project** and paying your deposit, you agree to this contract.

If you have any questions before starting, email us at krithic@flowpage.com.
